### COMPENSATION

A film by Zeinabu irene Davis

“Enchanting...dreamy, atmospheric reveries,  
rich in humor and social observation.”

—Roger Ebert, *Chicago Sun-Times*

Join UCSD's Department of Communication and the SD Central Library for a 20th anniversary screening of **Compensation**, the groundbreaking independent drama, featuring pioneering African American Deaf actress **Michelle Banks**, by award-winning filmmaker and UCSD professor **Zeinabu Irene Davis**. Banks and Davis will facilitate a discussion after the film. Simultaneous interpretation in American Sign Language (ASL) and English will be provided.

Inspired by the 1906 poem by Paul Laurence Dunbar, *Compensation* tells two parallel love stories set in the turn-of-the-century and present-day Chicago, both about the relationship between a deaf woman and a hearing man.
