

# San Diego Public Library

## 19th Amendment Centennial Celebration

### Women's Centennial Series

Presented in collaborating with the Women's Museum of California the San Diego Public Library is honored to present our Centennial Celebration Series. Join us as we celebrate the bold women who made this historic event happen. Through this series we examine the history of women's political activism - where it was, where we are and where we still need to go for ALL American women to feel empowered! Join us for this conversation.
