

In addition to this template, you will need:

\*Kid scissors

\*Glue or glue stick

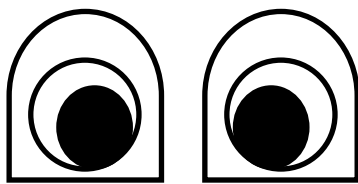

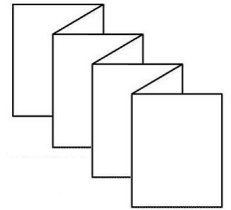

\*Blue marker

\*1 sheet of green letter-sized paper

\*small piece of red paper

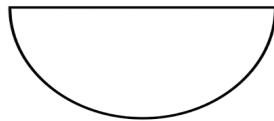

1. Color in the pupils on the eyes. Color the other pieces and cut them all out.
2. Glue the face to the top of the body. Glue on the mouth and eyes.
3. Cut the small piece of red paper into a strip (1/2" x 5"). Roll the end of the strip around a pencil to curl it. Glue it onto the mouth to make the frog's tongue.
4. Cut three strips out of the green paper (1" x 11"). Cut one of the strips in half. Fold the strips into an accordion fold. Glue the strips to the back of the body—the two smaller strips on top and the longer strips on the bottom.
5. Glue the triangles to the ends of the legs. The flat edge should be facing out.
