

In addition to this template, you will need:

- 1 piece of blank white paper (approx. 6" x 9")
- Kid scissors
- Glue or glue stick
- Crayons or markers

Cow Handprint Craft

1. Trace your hand on the blank paper. Color in the fingertips for hooves. You can also draw some splotches on the body to make a cow pattern.
2. Color the end of the tail, the nose and the hair and horns. Draw a mouth and nostrils on the nose. Draw eyes on the face.
3. Cut everything out. Glue the tail to the back of the cow. Glue the nose to the face, then glue the face on top of the thumb of your handprint.
