

Meet a Miniature Therapy Horse

Thursday, April 28th 10:30 am

Join us for a special storytime focusing on inclusion and belonging. Afterward, we will meet Hershey Kiss, a miniature therapy horse who helps people in the San Diego region.

We'll learn about the important therapy work he does with his owner, Vickie, and get to ask questions. Then we'll have a chance to take pictures with him and meet him up close.

*This program is part of **One Book One San Diego**, our region's premier literary program. This year's selection for children is **All the Way to the Top: How One Girl's Fight for Americans With Disabilities Changed Everything** by Annette Bay Pimentel. Learn more at: sandiego.gov/onebook*
