

# Library Lovers Bingo

February 16th • 4pm

Multipurpose Room

February is Library Lovers Month! A whole month dedicated to recognizing the value of libraries and work to assure that we can continue to serve.

Libraries have become more than a place to flip through the pages of books. You might discover your new favorite movie or album. Maybe you're interested in community classes or programming. Others host art displays that give local artists exposure. Larger libraries preserve treasured documents, ensuring their survival for future generations.

Come spend the afternoon with us playing **Library Lovers BINGO!**
