

# Grow Your Own Salsa Garden!

Sunday

July 30 • 1- 2 PM

North University  
Community Patio

Live in an apartment with a balcony? Have a small yard? Ever thought that it would be nice to grow your own food? Learn how to grow a salsa garden in limited spaces. Come over to our patio where you will get information on growing vegetables in containers and make your own starter seedling pots to take home. Kids ages 8+ are welcomed but will need to be accompanied by an adult.

**Supplies are Limited**

## Material Provided to Start Seedlings

- Biodegradable Seed Pots
- Potting Soil
- Seeds: Tomato, Chili Pepper, Cilantro and Onion
