

# Expedition to Mars

Tuesday, May 18 • 4 PM • Ages 9 - 12 • Comm. Room

Participants will work on building Arduino-based robotic space-related projects, while learning about electronics, mechanics, & robotics sub-systems in a fun way. Participants will be using specially designed didactic STEM robotics bricks, gears, axles, DC & servo motors, sensors, and controllers. Presented by RoboThink. **Space is limited and registration is required.**
