Our Show & Tell theme for this month will be **First/Last Coins of a Series** – you may bring your best examples for show and tell. Examples could be 1916 and 1946 Mercury Dime, 1859 and 1909 Indian Cent – albeit arguably it could be 1864 Bronze and 1909 etc. The examples don't have to be US Coins, and we encourage world coins.

Library Youth Program is set for August 18 at 1-3 PM and is live for RSVP (for youth – not volunteers) on the library website. Bob Fagaly is presenting, an introduction to collecting US Coins. We could use a few volunteers for the kids.

In the meantime, Hot coffee will be provided this meeting by Andrew Carmen. We give thanks to Debbi Montisano for all the tasty brownies she makes for us each month. The meeting will convene promptly at 6 o'clock and will adjourn between 7:30 to 7:40. Everyone must vacate the building before the library closes at 8 o'clock.
