Join multi-hyphenate artist [Gill Sotú](#) for the launch and celebration of his debut book of performance and page poetry, *Equally Strange, Beautifully Different*.

Gill's first solo collection celebrates our differences while seeking out the things that hold us together. It's meant to be read out loud, with spirit, and with a goal to touch, challenge, and light up something inside readers.

*Audience Q&A will follow. Copies of the book will be available for purchase and signing.*
