Is She Available?, is a contemporary Dante's Divine Comedy through the confessional landscape of a masculine identity. It uses poetry to construct a narrative that explores themes of death & love.

Native San Diegan Igor Goldkind is an author, educator and producer of advanced media technology innovations. After living and working in Europe 30 years, he returned to San Diego in 2014 to care for his demented mother and see her to the valley beyond. *Is She Available?*, published by Chameleon broke ground in combining Poetry, Comics, Jazz and Animation.
